## international yachtbrokers

Robust and solidly built Veka Rondspant Kotter to Pieter Beeldsnijder's design with inland navigation features. Virtually everything on this yacht is solid. The stainless steel sea railing is substantial and gives a luxurious look in combination with the wide gangways, the spacious foredeck and the spacious afterdeck, creating plenty of outdoor space. On board, the cosy saloon immediately catches the eye. The galley is comfortably situated and equipped with a high worktop, sink, microwave, fridge induction hob and plenty of storage space. Next to the galley is a comfortable dinette. The forward cabin is equipped with 3 single beds and plenty of cupboard space. The aft cabin is equipped with one freestanding bed in the French layout and features a generous wet room. The yacht has taken into account the possibility of living on board. Thus, the yacht is fitted with double glazing, a Kabola B12 central heating system, a Victron Cerbo ESS Solar solar panel system (ensures efficient use and can be monitored via the VRM portal, via the app) and the yacht is solidly panelled with mahogany wood and fitted with neat blue upholstery. For questions and/or to make an appointment, you are welcome 7 days a week at Elburg Yachting.
