This Jetten 40 comes from its second owner and is in neat and well-maintained condition. The shipyard is known for its sturdy steel motor yachts and pleasant sailing characteristics. The ship has been carefully maintained over the years, which is evident in both the exterior and interior. The interior has a warm appearance and offers a comfortable layout with plenty of storage space. In 2025 the underwater hull has been equipped with new antifouling and anodes. The ship is also equipped with stainless steel bollards and cleats, neat cable fencing, an integrated swimming platform with semicircular steps, and an entry point in the hull for easy access from shore to ship. It also has a CE-B certification, which allows you to extend your travels abroad to destinations such as the Baltic Sea, France, or, of course, England.

In summary, the Jetten 40 is an ideal and comfortable boat for both longer and shorter trips. If you have any questions or would like to make an appointment, you are welcome to visit Elburg Yachting seven days a week.
