# ELBURG YACHTING<sup>®</sup>

international yachtbrokers

This beautifully designed Smelne 13.80 S, designed by Vripack Design and built by the renowned Smelne Yachts shipyard in Drachten. The yacht is well-suited for extended off-grid use thanks to features such as solar panels (2 x 355WP + 1 x 520 WP - 2021), a watermaker (2024), a generator, and similar equipment. For optimal maneuverability, the vessel is equipped with both a bow thruster and a stern thruster, both of which can be operated via remote control. The interior features an attractive teak finish with classic teak flooring in the saloon, galley, and forward cabin. The layout offers four fixed berths distributed across two spacious cabins, with the aft cabin featuring a generous freestanding bed and a separate shower and toilet area. The modern galley is fully equipped with Siemens appliances and a Pelgrim combi-oven. The bright saloon is a pleasant place to spend time, while the helm station on the aft deck under the soft top offers an excellent view while sailing. Via the Victron Cerbo GX—allows the full system status (batteries, tanks, and heating) to be viewed directly on both the Garmin navigation screen and the GX Touch 50. For questions and/or to schedule an appointment, you are welcome at Elburg Yachting 7 days a week.
