The Steeler 52 S “Ella” is a striking example of Dutch craftsmanship, combining a powerful, elegant profile with innovative design and exceptional engineering. Built in aluminium, she delivers smooth handling, excellent efficiency, and a solid, confident feel on the water, whether cruising at speed or enjoying a quiet anchorage. One of Ella’s most distinctive features is her fully retractable wheelhouse roof, which allows her to transform seamlessly from a Coupe into a Convertible at the touch of a button. This signature Steeler innovation offers a unique blend of comfort, versatility, and open-air cruising, making her ideal for both long passages and relaxed summer days. Her twin Cummins 600 HP engines with shaft drives, combined with Seakeeper 6 stabilisation, Humphree automatic trim & pitch control, and Hydronautica remote docking, ensure precise and effortless manoeuvring. Comfort on board is further enhanced by Kabola heating, Webasto air conditioning, Flexiteek decks, and a hydraulic gangway for easy boarding. Inside, Ella features a two-cabin layout, a fully equipped galley, and refined finishes that reflect Steeler’s commitment to quality. A tender garage, outdoor kitchen, and generous deck spaces create a true indoor-outdoor yachting experience. State-of-the-art Simrad navigation electronics, including radar and dual displays, provide reliable control and situational awareness, while the 2,500 L fuel tank and 800 L water capacity give her excellent range and autonomy.

For questions and/or to make an appointment you are welcome 7 days a week at Elburg Yachting.
